I am so glad you can so soon  
I wired to Mr. Dudley & that  
directly, to expect you  
in the morning. I am  
getting to Henry 11.56.  
of course you won't attempt  
to walk the hills. All these  
country outings are I sup-  
-pose good practice for  
when we are on the oppo-  
-site sides of the ocean -  
I take care of myself & must  
& drink heavily.
